Greece, Athens

EXPERIENCE

Frontend Developer

Resolute Cepal Group - Oct 2024 - Present - Athens, Greece

- Built data visualization apps with Streamlit and developed production-ready React/Next.js tools, deploying and monitoring them on Google Cloud.
- Maintained the company's Vue-based intranet site and implemented AI tools to improve productivity and code quality.

Software Developer

Technature IKE - Sep 2021 - Sep 2024- 3 years - Athens, Greece

Developed and maintained full-stack web platforms using Node.js, Next.js, and Mongo; deployed applications via Docker on Linux servers; led projects and communicated with clients to ensure successful outcomes.

Photographer - Videographer

Freelancer - Sep 2011 - Sep 2021 - 10 years Athens, Greece

Built a strong professional attitude over a 10-year career, collaborating with clients such as the Byzantine & Christian Museum of Athens to create nationally broadcast television advertisements.

EDUCATION

JavaScript Stream

PeopleCert Coding Bootcamp - Oct 2020 - Apr 2021 Athens, Greece

- Completed Foundation and Advanced certifications with 500+ hours of intensive software development training
- Gained expertise in OOP, functional programming, UI/UX design, database design (MongoDB, NoSQL), and web servers (Apache, Nginx)
- Practiced common architecture patterns, RESTful design, debugging techniques, and test-driven development (TDD)

Bachelor's Degree in Photography and Audiovisual Arts

University of West Attica - 2008 - 2019 Athens, Greece
